Dear Supervisor Schabarum:

With voter approval of Proposition 13, the County and cities are facing the problem of financing Lighting District energy charges. At your request, the City Council has recently withdrawn two lights from the Garvey Lighting District, with one light remaining within County Lighting Maintenance District 10069.

The City Council took action at their regular meeting November 28, 1978, to approve Resolution No. 78-64, withdrawing all that portion of that part of the City of Rosemead contained within the boundaries of County Lighting District No. 10069. Accepting responsibility for the subject lights has been completed in order to provide the City and County with clear boundaries for our Lighting Districts (enclosed is the executed copy of Resolution No. 78-64).

Since we now have a similar problem to resolve, we would appreciate any information as to your proposed plans to offset energy charges for County Lighting Districts.

Should you have any questions regarding the above, please contact this office. Thank you for your consideration and cooperation.
